The 2010 ICRI/WCA Spring Classic Golf Tournament

On Thursday, May 13 the Carolinas Chapter of ICRI joined with the Waterproofing Contractors Association for their third annual ICRI/WCA Spring Classic Golf Tournament to benefit the respective scholarship programs of the two organizations. Twelve teams representing 46 golfers came to The Challenge Golf Club in Graham, NC for a lunch of grilled hamburgers and hot dogs followed by an afternoon of golf under ideal conditions. The event netted over \$1500 each for the two organizations' scholarship programs. The scholarship fund raiser was not only supported by individual members but also their companies. A special thanks to Presenting Sponsor Tremco, along with Lunch Sponsor Guaranteed Supply Company and Awards Sponsor Blair-Duron Restoration along with the Hole Sponsors: BASF, Alpha & Omega Group, Quikrete and Exterior Diagnostic Services (EDS).
